## CometMarks Crack + With Key Download (April-2022)

CometMarks is a portable bookmark manager, a project dedicated to making the process of bookmarks editing and organizing simpler, smarter, more efficient. CometMarks is a bookmark synchronization engine. After a simple configuration, any bookmark collection you import to the engine will be fully synchronized and accessible on all your computers anytime, no matter which web browser you are using. You can install CometMarks on any number of machines, with any web browser. CometMarks will automatically keep track of all your bookmarks for you, and keep them the same on all your computers. No matter where you go, you can always be sure of the state of your bookmarks on any web browser. There is no need to transfer links, or transfer your bookmark collection manually. CometMarks can import data from Chrome (or other browsers), adding this functionality to a high-powered portable bookmark manager, providing greater automation and convenience in the process.

**Key Features of CometMarks:**

- \* Bookmark synchronization for all popular browsers: Firefox, Chrome, Opera and Internet Explorer
- \* Backup and restore feature, to keep your bookmarks safe and to back them up on the server automatically
- \* Web-based bookmarks synchronization between all machines
- \* Importing and exporting of collections to/from the server for backup or restoration purposes
- \* Fully compatible with all major web browsers, with an option for Chrome import and export
- \* Super Easy: No need to download, install or configure. Start using it in minutes
- \* Portable: CometMarks is available as an add-on for Firefox and Chrome, and can work with any web browser of your choice
- \* Free: You can freely download CometMarks and use it for free
- \* Collaborative: CometMarks allows you to share your bookmarks with others, so everyone can be aware of the best websites
- \* Automated: With CometMarks you can backup your bookmarks at any time, and restore them from the server anytime to keep them safe
- \* All in one: CometMarks provides an easy way to backup your bookmarks and to restore them to all your web browsers from a single place.
- \* Customizable: Want to import a new bookmarks collection? Just import it to the server to keep them safe. Want to create new collections or back them up to the server? Just import them. Want to back up your bookmarks from one machine to the other, via any web browser? Import your collection to the server with a simple click
