Overview 3D - Cockpit with rotatable camera Original virtual reproductions of 35 stations on the Circle Line Free movement in the train and at the stations ( We are glad to introduce the third part of the World of Subways for Windows PC. In the last releases we presented New York and Berlin. After these major cities we are now proud to present Vol. Features 3D - Cockpit with rotatable camera Original virtual reproductions of 35 stations on the Circle Line Free movement in the train and at the stations (Q: Can Apache ignite connect to regions on different Zookeeper clusters? I have two ignite clusters. The first one is running at cluster-1.2.3.4.zk4:2181 and the second one is running at cluster-1.2.3.4.zk5:2181 Cluster-2 has a fixed interval and refreshes the data from cluster-1 by default. What would happen if I reset the second cluster to cluster-1 and then the data would be updated? I mean to say that cluster-2 connects to region-1, in which the cache is at cluster-1. Do I have any chance to have cluster-2 connect to region-2, in which the cache is at cluster-2? A: Yes - it is possible - but the regions must be hosted on the same ZooKeeper cluster. Take a look at the API You can specify the list of clusters to connect to from. See the example here.
