Its looks and its sounds are very simple, so that the pad can be played with by children, and that they can use it without getting bored with the simple graphics. This xCat Touch Mouse Pad is also very small, so it can easily fit in the hands

What's New in the?

Do you have one (or more) MSN Messenger window(s) open at all times? Are you sick and tired of switching to and from the Main Messenger Window? The xCAT - MSN Hider application will hide all your MSN Messenger windows, including the Main Messenger Window, with one mouse click. It can also close the Main Messenger Window with another mouse click. This utility is intended to hide all your MSN Messenger conversations with the Main Messenger Window. You will no longer have to switch between the Main Messenger Window and your MSN Messenger conversation windows. Once you have activated the xCAT - MSN Hider application, all your MSN Messenger windows and the Main Messenger Window will be hidden. You can control the Main Messenger Window from the xCAT Control Panel.
