This from an Amero: "I hope this new armored car model will help us to strengthen the ties between the G-8 countries and our trade organization and as a result to strengthen the position of Ukraine in the global economy. As we look back on the terrible tragedy that struck our country in the last year, I am sure that our new Ambulance will become a reliable hallmark of our future progress" - Viktor Yanukovich From our friends at Unfiltered: Radiomosty.net, a Ukrainian media outlet, asked a local ambulance driver what he thought about the new white armored ambulance. A natural Ukrainian patriot, the driver replied: "We've invented a new type of assault weapon." You may also like this: The fact that the world's only "beheading squad" has been busy cutting off the heads of their own citizens illustrates a glaring weakness and character flaw in an international political system that depends more on image and optics than reality and fact. The system that is supposed to keep the rest of the world safe is so weak that it couldn't even stop its own agents from doing something that most people would call outright insane. Their only option was to finally admit to the world what has been going on for months: that the orchestrated US-EU coup to overthrow the elected President of Ukraine was entirely about getting their filthy hands on more Ukraine natural gas. What's new:

- **Action Impact**
Severe injury can have dire consequences in Ultimate Team, with the chance of contracts expiring, remaining contracts expiring, or teams being relegated going up. A player who has picked up a long-term injury can reduce the game's tension even further. A player who has been injured for a prolonged amount of time may also miss a number of games in a season.
- **Player IQ**
Every one of the 20 best footballers in the world is in FIFA 22, from top five to rank 60 and more. Every nuance of their game has been analysed, and they're all there as beautifully animated skill puppets to help you practice and perfect your game.
- **New Challenges**
Put a stop to the FIFA dominance that has happened to FIFA 19. Many competitions in a single FIFA game take place in an era when the game wasn't progressing as fast as it is now. FIFA 22 has over 20 brand-new historical matches.
- **Team Attributes**
You'll be able to play all of your favourite historical teams as they appeared in the regular league matches in the year where they appeared. You can also tune your FIFA 22 team to take your favourite squad from any era and era of your favourite football club in a single jump. Create your dream team now!
- **Superstar Progression**
We're introducing a new feature that lets you quickly move your Fifa superstars to the next stage of their careers. There's a growing stack of competitions in FIFA, and each contains more difficult opponents. Thanks to the new 'Superstar Progression' mode, your legends can now be

cashed in and out of the stack, in order to quickly move them up through the ranks of these competitions, as desired by you.

- **Player Mentality**

There's a new Mentality trait to unlock when you form a football team. A Mentality trait can directly influence the attributes of a player, and can be affected by passing, interaction, and most prominently

The FIFA series is an annual sports video game series released under the banner of Electronic Arts by EA Canada. The franchise has been in production since 1992 and it has evolved since its debut. EA Canada creates the games using a base that includes new players, fictional teams, famous stadiums, kits, and players. Its initial success was ensured due to the wide appeal of association football and the popularity of its licensees in the international market. EA Canada is a division of Electronic Arts. The franchise's theme is inspired by association football. The series, which was composed of several installments, follows the fictional club of one of the video game series' main protagonists, a player who happens to be the protagonist of each game. The franchise's gameplay focuses on competitive matches of the FIFA rules. The series allows the player to manage a professional football club, which develops its players, and compete in the FIFA World Cup and other games. The first game was released in December 1992 and it was soon followed by the inaugural FIFA World Cup. The last game was released for Xbox 360 in 2010. What has changed for FIFA 22? The most notable game is FIFA 22, a franchise-first for EA Canada. It is the fifteenth iteration of the franchise and it was released for Xbox One and PlayStation 4. The last game was released in 2010, but it inspired the development of the game with the inclusion of updates and new features. Here are some of the most important changes that have been implemented in FIFA 22: A new season of innovations An annual release cycle of one game per year is a feature of the FIFA franchise. The last game was a delay that was announced at the release of the sequel. That is the case for FIFA 22, which follows the yearly release cycle of one game per year. It was also announced at the Xbox One reveal event that FIFA 21, which is the most recent title, will be exclusive to the Xbox One for the next iteration. The developers have worked on a revolutionary new season of innovations for FIFA 22. Some of these innovations include FIFA Ultimate Team, which is a mode exclusive to the multiplayer mode of the game. FUT is also the home for the Live the Fantasy experience. It is inspired by real-life players, managers, and clubs. The gamers can get a feel for what it would be like to live out their fantasy by managing a team, recruiting
